NEW YORK, Aug. 10.—(Exclusive.) From almost the first of the bell tonight Bob Fitzsimmons outclassed and outgambled Rublin. The latter was at times in point of scientific method, was also at sea as to the proper way in which to conduct the battle, and probably depended upon the advice of Corbett and Madden, in that dependence he went too far. He put up such a fast fight from the start that Rublin had no time to think, and in that way he was soon bewil-

dered. Tonight, however, at the ring side, there was a flash of Rublin's money which forced the odds to take a turn in Rublin's favor, at the rate of 100 to 50. This state of affairs did not last long, however, and by the time the men put up their hands for the opening round they were equal favorites at even money.

Fitzsimmons himself conceded about thirty-two pounds to Rublin, and this, in itself, was a serious handicap. But as the result showed, Fitzsimmons was equal to the task he had set himself, and won out with that terrible solar plexus blow which, whenever it landed, shook Rublin from head to foot.

From the word "go," the men started in with hurricane-like force. Both were wild at times, but Fitzsimmons was always the quicker to steady himself. Rublin clinched a good deal, and for three or four rounds was the aggressor. He landed some hard straight lefts on Fitzsimmons's face and swung his right to the body and head with fearful force. Several of these blows staggered Fitzsimmons, but none of them landed on the mark, as Fitzsimmons was too shifty.

At times both missed swings with either hand, but many of Rublin's were lodged, in the clearest manner. Fitzsimmons forced Rublin to break ground, and in hot mix-ups the Ohio man was always the first to snap up and take refuge in a clinch. Time and again Fitzsimmons forced Rublin to the ropes, from which position the latter got away rather clumsily, while Fitzsimmons was always very quick in his foot movements. When Rublin's nose began to bleed from a left punch, the light of the blood seemed to have a deterrent effect on him, and Fitzsimmons was quick to see this. On the first signs of weakness on Rublin's part, Fitzsimmons began his attack on the body, and each blow which he landed there made Gus vibrate with pain.

DRYAN'S HYPOCRISY.

Senator Hoar Makes a Vigorous Attack.

Brings Up Ratification of Spanish Treaty.

Populists Will Indorse Stevenson—Data of Notifications.

BY DIRECT WIRE TO THE TIMES.

WASHINGTON, Aug. 10.—[Exclusive Dispatch.] Senator Hoar has made a vigorous attack on Bryan's speech of action. He practically accuses Bryan of hypocrisy in the part that he played in the ratification of the treaty with Spain, and his subsequent campaign against imperialism.

A reporter who called on him at his home in Worcester, last night, Hoar said:

"The anti-imperialism of Mr. Bryan and his party is a mask. It is a mask to cover their purpose to establish the free coinage of silver; a mask to cover their purpose to bring in free trade; a mask to cover their purpose to reorganize it if they can get the support of the Supreme Court and their own party."

He said that he was not a member of the party of Bryan, but that he was a member of the party of the people. He said that he was a member of the party of the people, and that he was a member of the party of the people.

NEW YORK, Aug. 10.—The quadrennial convention of Democratic clubs, originally set for September 8, at Indianapolis, has been postponed until October 3. W. R. Hearst, president of the national association, today announced the postponement, and explained that it was due to the desire of the national leaders, as well as to the State leaders of Indiana. Bryan urged that the date be changed, and the suggestion was approved by Stevenson.

CHICAGO, Aug. 10.—[Exclusive Dispatch.] Fourteen students from the University of Chicago, accompanied by Prof. Rollin D. Salisbury of the Department of Geology, left last night for the Pacific Coast to study glaciers and other geological phenomena. From there they will proceed to the Coast, where the party will disband. Nearly 200 Dozen Shirt Waists

Have been gathered by our buyers, from five of the leading shirt waist makers of this country. It's a story that bristles with pluck, daring and shrewdness—

But we knew you would want them if you could get three or four for the price of one. What a temptation to buy.

Not one undesirable in pattern or making—all of them are the newest and freshest waists ever put on sale. If the manufacturers were not willing to get rid of them at a loss, that they might be free to work on Fall Goods, you would never have this opportunity to buy.

At a Quarter and Third Their Worth.

Whatever is your peculiarity as to form, to purse or fancy, we've shirt waists to meet your demand, how-

ever exacting it may be. For convenience we've divided them into four lots, in different sections of the store.

23c For 50c Waists. 37c For 75c Waists. 62c For \$1 Waists. 89c For \$1.50 Waists. 98c For \$2.00 Waists.

Percales, in beautiful stripes on colored grounds of light blue, steel blue, pink or old rose—new French necks—labeled 50c a piece—Dewey collar.

Of white and colored lawn, or colored percale—all new patterns, French back, detachable collars and lustrous cuffs—made in a first class factory.

Of 5c a piece Percale or Lawn, with tucked fronts, plain French necks—dress sleeves and Dewey collars—an excellent value which you would pay \$1.50 elsewhere.

Of white shirred or corded lawn, French and Madras collars, in all the new effects—with ruffled cuffs and or the popular dress sleeves French shape.

TEN DOLLARS REWARD.

The Times offers a reward of \$10 in cash for the apprehension, arrest and evidence which leads to conviction of any person caught stealing copies of The Times from the premises of subscribers.

THE TIMES-MIRROR COMPANY.

PARAGRAPHIST.

Larger Park Crows.

It is said by people who spend much of their time in the Los Angeles parks that the crows which visit all of them are larger this year than ever before, particularly at the regular band concerts.

Presidential Candidate Coming.

John G. Woolley of Chicago, Prohibition candidate for President, is coming to Los Angeles to deliver an address on September 16. He will make a two week western tour in the interest of his candidacy.

Turkeys on Lawns.

Mrs. Harriet J. Wigmore of No. 949 West Adams street says that a flock of turkeys will keep lawns and gardens entirely free from all plant-eating creatures, both those which burrow in the roots and those which gnaw the plants.

To Develop Power.

It is the intention of the Zombro Power Company, which incorporated in this city yesterday, and which has acquired valuable water rights on the Santa Ana River, to develop between two and three thousand horse power for use in Los Angeles.

Watched the Returns.

Spring street was blocked last evening by a crowd of 2000 or more people who watched the Times' returns of the Philomena-Rubin fight. The news was thrown upon a screen in a street. At the Times Building the balloting was eagerly watched by another large crowd, that packed Broadway for half an hour.

Papa and Great Grandpa.

Mr. and Mrs. John C. Jewett of No. 1025 Burlington avenue are receiving congratulations on the birth of a daughter that came to their home July 13. A unique feature in connection with the case is the fact that Mr. Jewett has several great-grandchildren. Two years ago the marriage license of Mr. and Mrs. Jewett read: "John C. Jewett, aged 70 years, native of New York, and Margaret Oldham, aged 58, native of Ireland."

"Doing Well"

Mal W. C. Farney and his son, W. B. Farney, have returned from Nome City, Alaska. The major says in an interview: "Jack Anderson, who used to be the Elitist editor, next to who it did business on Spring street, is now connected with the Elitist in Alaska, in Nome City. From \$1000 a day is taken in over the bar, and more than that in the Elitist's gambling rooms in connection. Jack is doing well. This matter of 'doing well' all depends on the point of view. Action Play Baseball."

A baseball team organized from the Burbank Theater's employees gloriously defeated the amateur team of the Orpheum at Fiesta Park yesterday afternoon. The score was 18 to 2. During the latter part of the game George Cohen, the young playwright and vaudeville star, got into the pitcher's box and couldn't find the way out. Mr. Cohen is a good player-of plays. Mr. Cohen made a great hit, and so did nearly every one to whom he threw. Jack Leonard, Stone of Williams and Stone, and several other professional took part in the game, but the teams were mainly made up of regular employees of the Elitist. Mrs. J. H. Hill and Marie Stuart came to look on for awhile. With professional funny men, comedians, and a variety of acts, the game was a success. Adolph Ramish acted as umpire, and escaped with his life by making a practice of declining in favor of the nearest man.

DID A HARD TURN.

BURN-CORK ARTIST'S TUMBLE.

RUNAWAY ACCIDENT.

Ed Stone, a burn-cork artist who does a turn at the Orpheum with his partner, Williamson, attempted to do a different kind of a turn about 5:30 p.m. yesterday at the corner of Fifth street and Broadway, and as a result was turned over to Police Surgeon Hagan for repairs.

Stone and the rest of the Orpheum nine had been to Fiesta Park to cross one with the Burn-cork nine.

While returning from the park on his wheel Stone nearly collided with a woman at Fifth and Broadway. He made a sudden twist to avoid her and his wheel slipped. He was thrown to the pavement with such force that his right collar bone was fractured. After being attended at the Receiving Hospital he was taken to his room at the Ramona Hotel.

B. R. Bolton of El Monte was sent in at 2:10 p.m. His team ran away with him, throwing him out at First and Los Angeles streets. His neck was painfully wrenched and his face, hands and left knee badly skinned and bruised.

T. J. Fitzpatrick, No. 1029 East Forty-fifth street, and William McGhee, No. 730 Echandia street, were sent in yesterday forenoon. The former had fallen from his wheel, sustaining a few minor bruises, and the latter had a broken needle imbedded in the big toe of his left foot.

LETTERS TO THE TIMES.

[The Times freely publishes the views of correspondents but holds itself responsible for writers' opinions. Its brief, write plainly; be courteous; and which has acquired valuable water rights on the Santa Ana River, to develop between two and three thousand horse power for use in Los Angeles.]

Reasons Boldly Stated.

LONG BEACH (Cal.) Aug. 9.—[To the Editor of The Times:] I have voted the Republican ticket since 1894. I have never switched on any political side track. I will not vote for James M. McLaughlin, the nominee for Congress. I am not the only man in Long Beach who has emphatically declared against him.

While making a speech in Long Beach a few years ago, Mr. McLaughlin said in answer to a question as to why he supported the free-silver plank in the platform, "because it was the work of politicians."

There never was a bolder financial falsehood than free silver at 15 to 1. McLaughlin endorsed it.

Because of this, and for the reason that he is a chronic office-seeker, with one defeat hanging over him, and certain defeat awaiting him if nominated, I will not support him.

That he was born in Scotland, had no money to pay his way through college, wore patched pants and patched shoes, made of rags, and his father, thousands of boys have done the same thing. R. A. HALL.

MARRIAGE LICENSE.

The following marriage license was issued yesterday from the office of the County Clerk, in connection with the marriage of Thomas G. Perez, aged 25, a native of California and a resident of Alhambra, and Angie M. Rangel, aged 23, a native of California and a resident of San Gabriel.

Thousands of Waists

Steadily the stream of merchandise pours in, steady by jerks; some days faster, stronger and better than other days. Our doings this month are so unusual and eccentric that few of our customers and competitors can follow us and prophesy what we will do next. Our greatest achievement of the season was the buying of thousands of dozens of shirt waists at half price and less. Enough waists to fill two freight cars when packed for shipment—a tremendous quantity even for us. The purchase includes every quality which sells regularly at prices ranging from 50c to \$3.00, and consists of every style in vogue this season. We cleaned out an entire factory, even to the samples. Our buyer looked through the stock carefully and made a spot cash offer for the whole lot. Not one but is marked at one-half price or less, and there are hundreds of waists marked at one-third their value.

Regular 50c and 75c waists will sell for	25c
Regular 85c waists will sell for	39c
Regular \$1.00 and \$1.25 waists will sell for	49c
Regular \$1.50 and \$1.75 waists will sell for	75c
Regular \$2.00 waists will sell for	95c
Regular \$2.50 waists will sell for	\$1.25
Regular \$3.00 waists will sell for	\$1.50
Regular \$3.50 waists will sell for	\$1.75

It would be an impossible task to describe these waists in detail. There are hundreds of kinds and styles, including the very newest and prettiest of percales, plain chambrays, corded ginghams, plaided sephers, French organdies, fine lawns, batiste, white and solid colored piques, corded lawns, madras cloths, white lawns, etc., through the entire list of fashionable, washable fabrics.

The Pictures Represent a Few

Of the styles shown, and that you may get a better idea of them we describe each one in detail.

The 25c Waist Illustrated is made of a fine quality of percale and is worth at least 75c. All sorts of pretty patterns are included. They have separate standing collars and soft turn-over cuffs, gathered at the waist line in front and back. Hundreds of pretty styles at this price. None worth less than 50c.
